

2020 Mercury Marine ABA Weekend Bass Series Contingency

Mercury will award \$1,000 to the winning **boater** in each ABA Bassmaster Weekend Series Tournament, if the winner's boat is equipped with a 2018 or newer year Mercury outboard engine. The acceptable engine horsepower range is 115hp through 250hp. (Mercury Racing and Mercruiser engines are excluded from this bonus regardless of hp). To receive the Mercury bonus, Mercury owners must be the **original registered owner/first purchaser. It is the responsibility of the angler to make sure the engine is registered in their name with Mercury prior to competing. Non registered engines will not be eligible.**

Warranty registration line is (920)-929-5054. Note: For engines purchased from Mercury pro staff, please call the warranty line to confirm registration eligibility. Also, please double check the boat and engine registration separately as the registration process may differ in regards to first purchaser criteria.

Entrants must use this engine for the tournament. Mercury Marine reserves the right to make the final decision in all matters regarding contingency eligibility and to change or discontinue this program at any time without notice. (60 or more boats required for full bonus and \$500 for the winner of an event with 30 boats or more)
